

Nano Wash & Wax – Low Foam Car Shampoo

A low foam and silicone free shampoo using Nano technology

Part N°:

- 85745 – Nano Wash & Wax Shampoo 5L
- 85746 – Nano Wash & Wax Shampoo 25L

Features & Benefits

- Cost effective: Low Foam allows for faster rinse-off to speed vehicle throughput.
- Rapid Drying: Gives faster vehicle turnaround: no need to generally chamois the vehicle as 90% of the water dries off leaving only minor amounts to dry.
- Streak Free: No smearing on windows or glass.
- Wax Sheeting Effect: Avoids water spotting.
- Brilliant Bright Shine: Leaves a 'just polished' finish
- Super Economy: Requires only 15ml in 5L of water, which is half the concentration of normal shampoos.
- Environment Friendly: The surfactants contained in this preparation comply with the biodegradability criteria as laid down in Regulation (EC) No.648/2004 on detergents.

Application

Kent Nano Wash & Wax shampoo uses nano particles to reach a level of cleaning quality and efficiency never previously achievable in so little time.

What is even better than its cleaning performance, is how economical it is in use. Because Nano Wash & Wax is such an effective low-foam cleaner, rinse water just sheets off - saving the repetitive labour costs associated with manually drying the vehicle.

Nano Wash & Wax also contains a blend of waxes which leave a high gloss finish and shine and reduce the need in many cases for the application of a polish/wax.

Instructions

For sponge/brush washing of paintwork dilute with 300 parts hand-hot water.

Manually wash vehicle then rinse off with clean water and allow to dry.

Technical Information

Part N°:	85745 / 85746	Consistency:	liquid
Description:	Nano Wash & Wax Shampoo	SDS:	Yes
Shelf Life:	24 months	Odour:	Neutral
Hazard info:	N/A	Colour:	Blue
VOC:	N/A	P.H:	4
Customs Tariff code: 34021200
