

# Rusty Clear

A unique high specification multi purpose penetrant and lubricant.

Part number: 34605 - 500ml aerosol

## Features & Benefits

- PTFE based giving “non stick” properties - silicone free
- Lubricates and Protects moving parts and bright metals against atmospheric acidity and road salts.
- Rapidly displaces damp & aqueous solutions from metal surfaces leaving water repellent film to protect against further damp penetration and subsequent corrosion.
- Displaces damp from electrical connections/contacts without affecting the electrical integrity of electrical circuitry
- Penetrates the finest tolerances to enable rusted, seized or corroded parts to be easily freed.
- Safe to use on rubbers and plastic

## Applications

Rusty Clear has been formulated to displace moisture in wet environments. It contains lubricating oils to reduce friction and provide corrosion protection.

Clear non-standing formula holds active ingredients in contact with the assembly.

All position spray valve makes application easy in tight or awkward positions.

Rusty Clear has been formulated to free seized, corroded parts, damp starting, lubricating/protecting of tools, cables, electric switch gear, should not be applied to live mains voltage and bright metal components

## Instructions:

1. Shake well before use.
2. Remove excess corrosion from parts and apply Rusty Clear liberally.
3. Allow to penetrate, disassemble parts.
4. Heavily rusted parts may need a second application.
