

150mm Polishing Pads

A range of foam and wool pads, designed to allow for the polishing of all vehicle surfaces, in order to provide a high professional finish.

Micro Wool XC-15 Pad	85919 00
Natural Lambswool Pad	85920 00
Black Foam Pad – Soft	85925 00
Orange Foam Pad – Medium	85924 00
White Foam Pad – Hard	85923 00
Yellow Foam Pad – Hard	85922 00

Features

- High quality product
- 150 mm Diameter
- Full range

Benefits

- Long life
- Ideal for use on larger surfaces
- Covers all surface conditions and finishes

Applications

The Pads are colour coded for ease of identification and application; the colour difference is based on different density of foam. A denser foam will remove deeper scratches and is more abrasive. As a general rule, you should use the lowest density foam that will get the job done.

Micro-Wool XC 15 Pad: Latest innovation in compounding pad technology, delivers the speed of cut of a conventional lambswool pad without creating the micro-scratches and swirls. Effortlessly removes deeper scratches (P1500) but leaves a high gloss finish.

Natural Lambswool Pad: Super-fast cutting action, when used in combination with heavy cutting compound. Highly durable and washable.

Black Foam Pad: Ultra-fine and soft polishing pad, ideally used with light cutting compound to remove holograms and leave a mirror finish to all paint surfaces.

Orange Foam Pad: Fine compounding foam, designed to remove swirls and fine scratches (car wash machines, etc.) from all types of paint surface. Best results when coupled with medium cutting compound/ finish compound for removal of holograms.

White Foam Pad: General purpose compounding foam. Can be used with heavy cutting compound for fast P1500 scratch removal and medium cutting compound for first phase Detailing work.

Yellow Hard Foam Pad: Speciality coarse cutting foam, designed to offer maximum speed of scratch removal. Use with heavy cutting compound for optimum action.

Instructions

1. Select the required polish pad to suit the job.
2. Apply to the Polisher, ensuring it is applied centrally and the correct speed is selected.
3. Apply the 150mm Polish Pad to the surface and start the machine.
4. When the Pad has reached the end of its life, remove and replace with a new one.

Technical Information

P/N: 85919 00 Micro Wool XC-15 Pad
S/C: MWP
Dimensions: 150x25mm

P/N: 85920 00 Natural Lambswool Pad
S/C: NLP
Dimensions: 150x22mm

P/N: 85922 00 Yellow Foam Pad - Hard
