

e-Tape

For solid and spiral taping of wire harnesses in electrical vehicles.

Features & Benefits

- Designed for e-Mobility - For the protection of cables in electric and hybrid vehicles
- Residueless - Clean and easy to replace
- Abrasion resistant - Will not get loose in friction with other components
- High heat resistance - Can be used in the engine compartment
- OEM bright orange colour - Easy to identify for the operator
- Solvent-free and PVC-compatible - Will not deteriorate the cables

86664	e-Tape	KET	19 mm x 25 m roll

Application

KENT e-Tape is designed for solid and spiral taping of wire harnesses, e.g. cable harnesses in the passenger compartment of vehicles.

KENT e-Tape prevents the cables from wearing or tearing on sharp parts often found in areas where the wires are placed.

KENT e-Tape is also perfectly suited for noise reduction by absorbing the vibrations between the cables and the surrounding elements.

Instructions

1. Clean the surface to be sealed of all contaminants such as old sealers / adhesives, oil / grease with a suitable cleaner such as KENT Electric Cleaner. Avoid touching exposed adhesive surface of the tape, as this impairs the performance.
2. Apply KENT e-Tape and press firmly into place.

Technical Information

General info:

Adhesive material:	Acrylic
Carrier material:	PET cloth
Colour:	Orange
Width:	19 mm
Length:	25 m
Thickness:	0,27 mm
Shelf life:	24 months
Custom Tariff Code:	56031410

Tensile strength:	625 N/25mm
Adhesive strength:	13,75 N/25 mm
Full strength achieved:	24 hours
Elongation at break:	30%
Temperature Resistance:	-40° C to +150° C
